SUNDESTINATIONS™

INTRODUCTION

Africa on Foot is one of the most affordable, authentic safari camps located in the Klaserie Private Nature Reserve in the Kruger. The guides at Africa on Foot specialise in professional Big Five walking safaris and focus on tracking predators & other big game; as well as educating guests about the local fauna and flora. The aim at this eco-friendly camp is to provide guests with an authentic safari experience. This is THE place where you will learn about lion pride dynamics and the wilderness. The Klaserie shares unfenced borders with the Kruger, allowing wildlife to roam freely throughout.

A TYPICAL DAY AT AFRICA ON FOOT

Below is an outline of a typical day while on safari. The schedule can be tailored to fit guests' needs. For example, if the guides hear lions roaring close to camp at night, they will often knock on your door and ask if you would like to track the pride.

- 05h00 - Wake-up call
- 05h30 - Coffee and a light breakfast
- 06h00 - Depart on morning game walk or game drive
- 09h00 to 10h00 - Return to camp
- 11h00 - Brunch
- 15h00 - Tea and a light lunch
- 16h00 - Depart on afternoon game drive and night drive
- 19h00 to 20h00 - Return to camp and drinks at the bar
- 20h00 - Dinner

LOCATION

Africa on Foot camp is located in the heart of the Klaserie Private Nature Reserve. The reserve **shares unfenced borders with the Kruger National Park** and is west of the Timbavati, covering 60 000 ha on either side of the Klaserie River. As there are no fences **wildlife roams free** between the major reserves that form the Greater Kruger Park, which include the Klaserie, Timbavati, Manyeleti, Sabi Sands and the Kruger National Park.

GENERAL TRAVEL INFO

Weather

The average mean rainfall for the year is 350mm, with most rainfall occurring during mid-summer (November - February). The rainfall generally occurs in the form of thunderstorms where a downpour is experienced, very seldom lasting longer than a few hours.

The mean average maximum temperatures range from 24.5°C in July to 31.5°C in January with the mean monthly minimum occurring in July at a temperature of 8.5°C.

GENERAL TRAVEL INFO

Wildlife

During the dry season the vegetation is sparse and wildlife congregates around watering holes. During the wet season the vegetation is dense and wildlife is more dispersed. Expect to see the Big Five over the course of a 2-3 night stay. There are two resident prides that traverse the Africa on Foot area - the Ross and Giraffe pride.

In addition to the **Big Five** animals that are regularly sighted include giraffe, zebra, warthog, spotted hyena, baboon, hippo, impala, kudu, vervet monkey, waterbuck, wildebeest, bushbaby, mongoose, duiker and steenbok.

You might also see wild dog, cheetah, honey badger, porcupine, armadillo, civet, caracal and serval. Birds that are regularly seen are vultures, owls, bee-eaters, rollers, eagles, bustards, hornbills, starlings and shrikes.

Game Drive Vehicles

On game drives you are able to get a lot closer to big game. The animals are generally habituated to the vehicle. This means that they are used to the vehicle approaching them and know that it never causes them harm. This enables you to get within five to 10 metres of the large animals - and safely! All game drives are conducted in open 4 x 4 Toyota Land Cruisers or Landrovers.

GENERAL TRAVEL INFO

Malaria

The Klaserie region is a low risk malaria area. It is best to consult your local Doctor for advice. Generally, the type of medication needed for the Kruger area is Malarone, Doxycycline or Melfloquine. Mosquitos are more prevalent in the wet, warmer season. Mosquito repellent and creams are also great preventative measures.

What to Pack

During the summer months the weather can be hot and sticky. You may want to bring a few outfits.

- Comfortable walking shoes
- Sun hat, sunglasses and sunblock
- Cameras and binoculars
- Light, neutral coloured clothing
- Bathing suit
- Warm jackets essential in winter (May - Oct)
- Beanie and gloves - the mornings are cold during winter
